The History of Landsat in Lompoc GeoTour

For 50 years, Vandenberg Space Force Base in Lompoc has served as the home of the Landsat Program. During this half-century of change, the Landsat series of satellites have taught us so much about the planet we all call home — from a perspective far, far above.

NASA, USGS, Explore Lompoc, and the City of Lompoc invite you to commemorate the launch of Landsat 9 from Vandenberg Airforce Base with an exciting new GeoTour! Celebrate 50 years of Landsat missions by discovering unique science and space-related geocaches in and around Lompoc, California.

What is Geocaching?

A modern outdoor treasure hunt using a personal Smartphone or GPS device to locate hidden containers called "geocaches." There are over 6 million geocachers worldwide and 3.1 million active geocaches!

How to Play

- Go to www.geocaching.com and sign up for an account.
- Download the Geocaching® app for your smartphone or load coordinates into your GPS device from Geocaching.com. Search by GeoTours and enter code GT4AE.
- Find a History of Landsat in Lompoc GeoTour geocache and record the code word found in the cache container in the appropriate box on the passport.
- Put the cache back where you found it.
- Record your find on Geocaching.com
- Cache until you find all 9 geocaches to earn an official geocoin.
- To receive your geocoin and other prizes, complete the survey on the back of this passport and bring it to the front desk of the Hilton Garden Inn Lompoc, located at 1201 N H St, Lompoc, CA.

Prizes & Rules

- The first 500 cachers who complete the History of Landsat in Lompoc GeoTour will receive a collectible Diamond Geocoin or commemorative NASA coin (trackable on Geocaching.com), and a prize bag including limited edition Landsat swag and souvenirs.
- Prize requests must be accompanied by a completed passport (both sides).
- Geocoins will be awarded on a first-come, first-served basis, while supplies last. One geocoin awarded per Geocaching.com account, with an original completed passport. Maximum of two geocoins per household.
